### Implementation:

- It is important to note that consultation does not mean decision-making. Nor does it equate that decision-making will simply be based on the popularity of ideas or the weight of numbers.

- Department of Education employees are free to make public comments on issues relating to education, but in doing so, must be wary not to make comments that can be construed as a negative criticism of our school, School Council community, staff or community members.
- The Information Privacy Act 2014 and the Health Records Act 2001 require that schools protect the interests of individuals regarding their personal information and respect the individual's right to control how their personal information is used, and for what purpose.
- The school will only collect consensual information that is required about individuals, and will only communicate and disclose information for the purposes for which it was collected.

#### **Staff:**

- Our school has a policy of open and cooperative communication. This practice however recognises that staff members have legal, departmental, local, professional and social obligations with regard to the communication of information.
- As a matter of professional courtesy, and as a requirement of Section 3.6 of the Teaching Service (Conduct of Duties) Order 1998, staff will communicate with the Principal before making a public comment or formal statement on educational issues that bear on the organisation or program of the school or workplace. The Principal and School Council President will ensure that each other are informed.
- All staff have access to school policies via policy folders and newly ratified policies are distributed as a hard copy at staff meetings.
